PUBLIC FORUM

PC Luke Williams gave an overview of what is happening in the area to tackle the anti-social traffic issues. The Countywide enforcement team (1Sgt & 6 Officers) had been in the village the weekend of 27/28 March, most of the users on the ancient byway were legal and entitled to use the ancient byway. And research in the last 15 months the reports have spiked.

Although he understood the issues we are having, he also said that we need to manage expectations and understand that resources are limited. Also, that it was imperative that the public needed to continue to report issues as this would also help build a bigger picture and would support the next steps available.

It was agreed that it would take multiple agencies to work together to tackle the issue and a meeting would be arranged where all agencies could be in attendance to discuss the next steps.
